### PROJECTS

- **Hostel Out Pass System | Jul 2019-Aug 2019**  
<https://github.com/jayachandragoteti/Hostel-Out-Pass-System-AJAX.git>
  - The project is about issuing out pass to the hostel students.
  - It enables students to apply for an outing.
  - The request made by the students may be accepted or rejected by the admin based on the student's parent.
  - It enables month-wise maintenance of out passes issued and rejected to the students and requests made by the students.
- **Idea-management-system | Mar 2020-May 2020**  
<https://github.com/jayachandragoteti/Idea-management-system.git>
  - The project is regarding the funding to the students or faculty based on their project proposals.
  - Students or faculty can apply for funding to their project by uploading project details in my website
  - Department Admins verify the details if it's worth for funding accepts the proposal or else rejects it
  - The central committee gets a request when the department admin accepts a proposal, based on the feasibility the central committee will provide funding else rejects the proposal
  - Proposal status will be updated to the applicant through email
- **Inventory-Management | Dec 2019-Feb 2020**  
<https://github.com/jayachandragoteti/inventory-management.git>
- **Employee Leave Management System | Jul 2020-Aug 2020**  
<https://github.com/jayachandragoteti/Employee-leave-management-system.git>
